KARCHER B50 W SCRUBBER DRYER

An extremely compact machine with good overview and excellent manoeuvrability. It has easy handling, and is safe and robust to prevent damage.

It has start-of-the-art Connectivity/ "Machine connect" smartphone app and an expanded range of functions and information. With it's resource monitoring it increases productivity and has informative animations for maintenance and troubleshooting. This machine also has adjustment of parameters, editing of KIK authorisations. The brush head and squeegee are made from cast aluminium, it has robust and hard-wearing components. Parabolic squeegee with Linatex suction lips for perfect suction, even on structured surfaces and in tight bends.

Furthermore there is reduced risk of slipping and less manual rework. The R 55 double-roller brush head has high contact pressure and brush speed.

Excellent cleaning results, including for deep cleaning tasks and on structured floors and an integrated pre-sweeping function.

PRODUCT SPECIFICATIONS

- Ideal for wet floor cleaning
- Robust aluminium components
- Powerful 115 Ah AGM battery
- R 55 brush head and auto-fill/auto-rinse function
- Extremely quiet roller brush head for noise-sensitive areas
- Home Base fastening possibilities for mop or similar
- Easy Operation selector switch
