STI QV6 Steam Cleaner

Compact commercial dry steam cleaner

- Cleaning and sanitising machine
- Suitable for small / medium commercial use
- Continuous refilling steam generator
- Produces steam at up to 152°C, 5.2 Bar
- Supplied with tool kit

The STI QV6 Dry Steam Cleaner is compact and economical commercial cleaning and sanitising machine, for use in all small to medium sized commercial areas.

Using dry-steam at a temperature up to excess of 152°C degrees, this machine cleans and sanitises surfaces, killing micro-organisms such as bacteria, mites and mildew, making it suitable for use in medical environments, kitchens, washrooms etc. where it can clean walls, hard floors, tiles and grouting and reach into all of the corners and awkward areas.

Constructed from stainless steel, and with heavy-duty tooling the QV6 is a robust machine, with four wheels for high maneuverability, and a bumper guard to protect furniture.

This continuous use machine enables you to refill from the refill tank as you work, with no need to wait for it to cool before you can refill, making it suitable for long periods of use.

The QV6 is supplied with:

- Floor brush, for tiles & smooth surfaces
- Triangular brush for cleaning into corners also upholstery cleaning
- Jet tool for grout & detail cleaning, with brass and nylon brushes
- 2 extension tubes which fit to the floor tool
